OVERVIEW

I am a student of Business Informatics at university, with a focus on IT and economics. I have a solid foundation in programming, data analysis, and business processes. As a reliable, flexible, and disciplined individual with strong motivation, I am ready to contribute to a company's success by leveraging my skills.

WORK EXPERIENCE

- Seasonal Worker | Dominik GmbH & Co., Hörstel, Germany** **06/2023 – 08/2023,**
06/2024 – 08/2024
- Worked in a team on the cultivation and distribution of ornamental plants
 - Cared for plants, including transplanting and preparing them for shipment
 - Collaborated in an international team with colleagues from Slovakia, Poland, and Germany
 - Improved language skills in German and English through daily communication
-

EDUCATION

- Technical Lyceum, Secondary Technical School, Humenné** **Sep 2019 - June 2023**
- Focused on technical subjects (Computer Networks, Web Development, Programming, Applied Informatics, Computer Graphics) and preparation for university studies.
- Business Informatics, Technical University, Košice** **Sep 2023 - Present**
- Studies focused on programming (Languages for Data Analytics, Cloud Technologies) and economic-managerial disciplines (Project Management, Basics of Economics, Business Economics)
-
